

# **EXHIBIT F**

1 A Yes.

2 Q And was it that for most of the time you  
3 were there or did it go up?

4 A It had gone up gradually, but I would say  
5 within 10 percent of that -- that was the salary.  
6 It had gone up from ten percent til then.

7 Q Got it. And in terms of commissions -- I  
8 know those can vary -- but what was your personal  
9 goal of commissions for you?

10 A Well, they were very tough times.  
11 Anywhere from about 10 to \$40,000, about that. It  
12 varied.

13 Q So there were times that you recall  
14 earning \$40,000 in commission at GE?

15 A Again, I can not exactly answer your  
16 question because it varied so much, and there were  
17 bonuses sometimes too, but I would say between  
18 ten -- and yeah, the upper level would be about 40.

19 Q Any disciplinary problems there?

20 A Not at all.

21 Q Any performance problems at GE?

22 A Not at all.

23 Q I forgot to ask you. Have you ever  
24 declared bankruptcy?
